

TRUBLUE 555 LEVEL DATA LOGGER

- Level Accuracy of ±0.05% FS TEB
- Ten-year permanent battery
- 8 MB internal memory for up to 550,000 data points
- New free user-friendly TruWare software for PC or Mobile included

With our highly accurate KPSI level transducers, TE Connectivity has long set the standard for top–quality environmental monitoring instruments. Now our next generation of water level data logger models – the TruBlue 555 LEVEL combines precision, performance, and rugged reliability like no other instrument available today. Designed to deliver time and time again in even the harshest conditions, the TruBlue 555 LEVEL is battery powered and made with 316 stainless steel or titanium. A fully sealed design and advanced, power-conserving microcomputer technology enables it to log level (depth) and temperature for up to ten years. Since these units do not require onsite power or a programmable logic controller (PLC), a terminal box isn't necessary.

The TruBlue 555 LEVEL is the perfect choice when reliability, accuracy and precision matter.

Features

- Calibration Report included with each instrument
- Two Year Warranty
- Easier set-up and data retrieval
- Displays real-time instrument status and data graphs
- RS-485 or SDI-12 communication interface

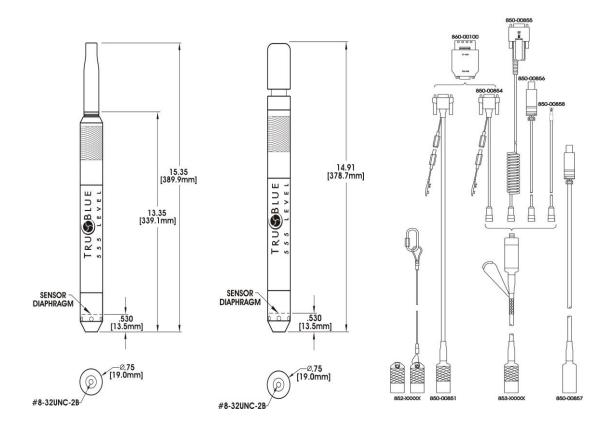

Applications

- Aquifer Characterization and Pump Tests
- Remediation
- Flood and Storm Surge, Stormwater
- Tide Gauging
- Wetlands Monitoring
- River and Stream Monitoring

Specifications

SENSORS – LEVEL				
Sensor Type		Oil-filled Piezoresistive		
Sensor Material		316 SS or Titanium		
Range (psi)	Low	0 - 5		
	High	0 - 300		
Accuracy	0 – 50°C	±0.05% FS TEB		
Resolution		0.01% FS or better		
Burst		3X FS (600 psi max)		
		errors due to non-linearity, hysteresis, non-repeatability and thermal effects.		
SENSORS - TEMPERATUR	RE			
Sensor Type		Embedded NTC Thermistor

Dimensions

Molded Cable Seal Configuration for Polyurethane Cable

Gland Cable Seal Configuration for ETFE Cable

TruBlue Absolute or Vented Cable Options

Software

Each unit comes with user-friendly TruWare software at no charge.

- View, graph, and export test data
- Mange transducers by site
- Easy to use in the field or office
