

CONMMCX013

MMCX Jack PCB Cutout Edge Mount Connector

Operating from 0 GHz to 8.5 GHz, the CONMMCX013 provides high performance and reliability in a small package. Mounting in a cutout/notch in a printed circuit board (PCB) and available in tape and reel packaging, the CONMMCX013 is more compact than standard board edge mount connectors and is compatible with pick and place machines for high volume manufacturing. Additionally, all Linx connectors meet RoHS lead free standards and are tested to meet requirements for corrosion resistance, vibration, mechanical and thermal shock.

FEATURES

- 0 to 8.5 GHz operation
- MMCX (female socket) connection
 - Gold plated brass connector body
 - Gold plated beryllium copper center contact
- Direct surface-mount PCB attachment
- Reflow- or hand-solder assembly
