

MEDICAL EQUIPMENT

CONNECTING WHAT MATTERS

TE Connectivity (TE) is more than just a component supplier. We provide connections that can transform the way your customers deliver care. From patient monitoring systems in hospitals to handheld consumer devices such as glucose monitors and hearing aids, our products provide internal, external and wireless connections required to provide the responses needed in a demanding healthcare industry. We help you provide your customers with worry-free medical equipment so they can focus on what matters most - their patient.

MEDICAL EQUIPMENT

WIRE-TO-BOARD

We offer a broad array of products for your wire-to-board requirements

AMP-LATCH Connectors

Quick, reliable wire-to-board connections without stripping or prepping wires

Mini CT Connectors

1.5mm centerline connectors feature both crimp and IDC style interconnects with many header options

LCEDI Connectors

Display connector for low voltage differential signaling (LVDS) and embedded DisplayPort (eDP)

Common Termination (CT) Connectors

2mm centerline connectors feature both crimp and IDC style interconnects with many header options

Flexible Printed Circuit (FPC) Connectors

Space saving solutions for signal routing. Available in 0.25 to 1.25mm centerlines in both ZIF and non ZIF styles.

AMPLIMITE D-Sub Connectors

A complete range of quality, time-tested D-subminiature connectors that have become the standard in the industry

ANTENNAS & RF

Antenna performance, reliability, and durability are essential

Embedded Antennas 5G

A range of products supporting low profile wireless connectivity for 4G and 5 GHz Wi-Fi applications

Spring Fingers

Tiny, scalable, surface mountable contacts allow designers to fit grounding solutions in most places

Board Level Shielding (BLS) 5G

EMI shields that minimize crosstalk in tightly designed multi-signal systems

RF Coax Connectors 5G

A wide array of RF and standard coax connectors for high performing medical equipment

INPUT/OUTPUT (I/O)

Product satisfaction depends on reliable I/O connectivity

RJ45 Connectors 5G

Our broad range of modular I/O jacks and plugs offer reliable and space-saving solutions

USB Type-C Connectors 5G

Universal and user-friendly, features a reversible mating interface. Can transfer data up to 10 Gbps, power up to 100W and A/V in a single slim connection

MEMORY SOCKETS

We make it easy to get connected and process, share or store data

DIMM Sockets 5G

Dual in-line memory module (DIMM) sockets design to JEDEC industry standards. Enable reliable connection to standard memory modules

Fine Pitch Stacking Connectors

0.4mm pitch for today's smaller, thinner applications

BOARD-TO-BOARD & BACKPLANE

Excellent signal integrity mitigates negative effects of electrical noise

Z-PACK Slim UHD Connectors

Designed to be among the densest connectors with the smallest possible footprint to free up valuable PCB space

STRADA Whisper 5G Connectors

Robust mechanical properties help minimize signal loss in medical device data transfer and medical imaging equipment

CABLE & CABLE ASSEMBLIES

Product satisfaction depends on reliable cable assembly connectivity

Multimedia Cable 5G Assemblies

From DVI and HDMI, to DisplayPort and USB, we support the latest high-speed standards

Bulk Cable

Specialty cables custom-engineered for precision signal integrity and harsh environments

5G These solutions are helping to unlock the potential of 5G. Our portfolio of 5G solutions and capabilities address key challenges faced by design engineers around the world.*
